

A Birthday Party

It's August 5th today. Yesterday was my birthday. I really had a great time with my friends. My mom *prepared* lots of foods for my birthday party.

She prepared a cake, ice cream, chicken, hotdogs, steaks, spaghetti and so much more. We played games and I even won a race.

My dad gave me a new cellphone and it was really cool. Me and my friends *decided* to go to the park after my party.

However, a problem *occur* when I lost my cellphone. Now I'm *confused* on what to do. I'm so worried.
