

The Greedy Prince

Produced by
Teacher Jovel

There was once a greedy prince. He felt very *envious* because his mom, the queen, decided to give the kingdom to his brother. He travelled as far as he can, searching for a place to build his kingdom. He found a palace made of gold. As he went inside, a beautiful princess suddenly *appeared*. She's so beautiful; the only thing is that... she's *blind*. Yet the prince asked her to marry him. The girl told him that he can live with her and be his queen only if the prince can give her the eyes of any *female* member in his family for her to see. But if the prince can't make it before midnight, the girl won't be able to see forever. The prince thought that his brother will surely *envy* his palace made of gold and the beautiful princess he's going to marry. So he went back to his mom and took his mom's eyes. He went back to the princess as fast as he can. However, he didn't make it on time. The golden palace turned into a *cave* and the princess turned into an *ugly witch*. He found out that the witch has been *cursed* a long time ago.

The prince felt really sorry for his mom.
